

Test Case ID: GTC_49485B

Title: Verify successful login after password reset with correct credentials

Objective: Ensure that a user can successfully login after resetting their password with the correct credentials

Preconditions: User has required setup

Test Steps:

Reset the password for the user account

Navigate to the login page

Enter the correct username and the newly reset password

Click on the login button

Expected Result: The user should be logged in successfully and directed to their account dashboard

Confidence: 90%
